

**Represent each equation with numbers and symbols.****Answers**

- 1) seventeen plus zero equals seventeen
- 2) fourteen minus eleven equals three
- 3) sixteen plus zero equals sixteen
- 4) fourteen minus twelve equals two
- 5) ten plus zero equals ten
- 6) twenty minus ten equals ten
- 7) four plus zero equals four
- 8) fourteen plus four equals eighteen
- 9) fourteen plus two equals sixteen
- 10) three plus three equals six
- 11) eighteen plus one equals nineteen
- 12) thirteen plus three equals sixteen
- 13) eleven minus seven equals four
- 14) fifteen minus twelve equals three
- 15) eighteen minus seventeen equals one
- 16) twelve plus seven equals nineteen
- 17) twelve plus eight equals twenty
- 18) seven minus four equals three
- 19) two minus two equals zero
- 20) seventeen minus nine equals eight

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____

Represent each equation with numbers and symbols.

- 1) seventeen plus zero equals seventeen
- 2) fourteen minus eleven equals three
- 3) sixteen plus zero equals sixteen
- 4) fourteen minus twelve equals two
- 5) ten plus zero equals ten
- 6) twenty minus ten equals ten
- 7) four plus zero equals four
- 8) fourteen plus four equals eighteen
- 9) fourteen plus two equals sixteen
- 10) three plus three equals six
- 11) eighteen plus one equals nineteen
- 12) thirteen plus three equals sixteen
- 13) eleven minus seven equals four
- 14) fifteen minus twelve equals three
- 15) eighteen minus seventeen equals one
- 16) twelve plus seven equals nineteen
- 17) twelve plus eight equals twenty
- 18) seven minus four equals three
- 19) two minus two equals zero
- 20) seventeen minus nine equals eight

Answers

1. $17 + 0 = 17$
2. $14 - 11 = 3$
3. $16 + 0 = 16$
4. $14 - 12 = 2$
5. $10 + 0 = 10$
6. $20 - 10 = 10$
7. $4 + 0 = 4$
8. $14 + 4 = 18$
9. $14 + 2 = 16$
10. $3 + 3 = 6$
11. $18 + 1 = 19$
12. $13 + 3 = 16$
13. $11 - 7 = 4$
14. $15 - 12 = 3$
15. $18 - 17 = 1$
16. $12 + 7 = 19$
17. $12 + 8 = 20$
18. $7 - 4 = 3$
19. $2 - 2 = 0$
20. $17 - 9 = 8$
